

American Heritage Lower School

Dismissal Procedure for PK3 - Grade 4

To expedite entrance and exit from the parking lot during pick-up, please follow these guidelines:

1. As you enter the parking lot (following the diagram) proceed east in the center lane to the holding lanes.
2. Follow directions given by security. Remember, although it may look clear for entering the pick-up lanes, cars may be proceeding down the center lane to the holding lane and will be given priority.
3. In the holding lane, choose either the right or left lane based on your child's grade level. (Older children should come to the younger sibling's location.)
4. Cars from the holding lane will be directed to the pick-up lanes as space becomes available.
 - Please avoid cutting in front of other vehicles.
 - Please do not leave your vehicle unattended.
 - If you are parked in the pick-up lane and waiting for an older student, please proceed to the holding lane again to allow others to pick up.

Our goal is the same as yours - having the children leave the campus as quickly and as safely as possible. Let's work together!
